

Continued investment in plant and resources have enabled us to offer

IMMEDIATE CAPACITY
on the following machines

MTE BF2200 (Z1500)

Bed Type Milling Machine

- Heidenhain TNC530 control
- 2200mm X 1000mm Table work surface
- 2000mm Longitudinal travel
(X axis) X 1200mm Cross ram travel
(Y axis) X 1500mm Vertical travel (Z axis)
- 7200 Kg Load capacity
- 40 - 3000 Rpm Infinitely variable speed spindle
- 22Kw of power
- 10M/Min Rapid traverse
- Positioning accuracy +/- 0.005mm
- Repeatability accuracy +/- 0.003mm
- 3D Touch trigger probe for fast set up and inspection processes

Operational 9th May

IMMEDIATE

CAPACITY

Doosan S670L

Heavy duty turning centre.

- FANUC 18-iT control
- 910mm Diameter swing over bed
- 670mm Max. Turning diameter
- 1800mm Max. Turning length
- 152mm Hole through spindle
- 1500 Rpm
- Up to 24 M/Min Rapid traverse
- 30Kw of power
- 24" Diameter Chuck
- 12 Tool turret with rapid indexing time of 0.7 seconds
- Chip conveyor and bucket system
- Steady rest

Operational 16th May

ALWAYS a guaranteed response
